

**Making a Will with Champions Solicitors**

Thank you for your enquiry concerning making a Will.

Our fee for acting for you in the preparation of for a single Will is £95.00 inclusive of VAT, and for a double Will (i.e. two Wills in similar form usually for husband and wife or for partners) the fee is £140.00 inclusive of VAT. Please note that this is on the following basis:

1. That there are no unusual complications in the Will(s).
2. That you do not wish to make substantial alterations in your instructions.
3. That there is no tax advice required with regard to Inheritance Tax or any other form of tax with the exception of Stamp Duty Land Tax.

We reserve the right in any of the above circumstances to increase our fees but we will of course give you notice before we do. We would add that, in the majority of cases, the original fee remains unaltered. Where inheritance tax is an issue we will be unable to accept your instructions since we do not provide advice in this highly specialised area.

Should you wish to instruct us to proceed, we enclose the following documents:

1. Brief Guide to Making a Will.
2. Instruction form.

Please complete the instruction form after you have read the Brief Guide to Making a Will. Please leave any questions blank if you are unsure of the answer or if you feel that the question does not apply to you.

Please contact us if you require further assistance. We will in any case discuss your instructions with you and arrange a meeting if wished to go through them in detail.

**Should you wish to instruct us to prepare a Will for you, please return your completed form. We will contact you as soon as we receive your instructions.**

We look forward to hearing from you.

Yours sincerely
